While in Adams Township, Seneca County, they were apparently members of the Coffman Methodist Episcopal Church, as several grandchildren who died in infancy were interred there.

On May 17, 1858, "M. Yotter" sold his two tracts of 40 acres each for \$980 and \$1,300 respectively. On the same day, "C. Yotter" sold another 40 acre tract for \$1,300 (perhaps his wife Catherine selling an inheritance). On Nov. 3 of the same year, their son, John Yotter, sold the 80 acres he had purchased 7 years previously for \$2,300.

"Melcher Yotter" will written 13 November 1858 - sons John and Jacob named executors, mentions wife Catherine and "two youngest sons Henry and George".

Melchior died 28 March 1859, aged 60 years 3 months 25 days.

Catherine (widowed) in 1860, 1870 (Warsaw Post Office) and 1880,1890 Censuses of Kosciusko County, and in 1886 tax assessment. lived in adjoining counties, Kosciusko and Whitely, beginning in the 1840s. This definitely looks like a match to me. Another point you might have missed when you looked at my record on RootsWeb. I'm sure you know how people name their kids after older relatives--parents, grandparents, brothers, sisters, etc. Well, Sarah Elder had a younger brother with the unique name Marquis deLafayette Elder. And what a coincidence that George W. & Esther Jane Yotter named one of children Marquis! - John Warstler, 2003."

Issue: son born <1800, and 1 son & 1 daughter 1800-10). Catherine interred in Laurelton Cemetery at Laurel Run, Laurelton, Union County, PA. Source: Carl Catherman, Mifflinburg, PA; 2000. Data per Carl Catherman, Mifflinburg, PA- 4/2000- based on research at the Union County PA Courthouse.

In 1823 tax records show Henry is in Hartley Township, listed as a farmer on two tracts of land, one of 40 acres and one of 90 acres (but he did not own either tract). I did

not check the years 1824, 1825, or 1827. In 1826 he is listed on the same two tracts as 1823 but his name is crossed out. I suspect the crossing out might have been a mistake because he is back again on the same two tracts in 1828 and remains there through 1831. In 1828 we find also listed for the first time an Abraham Yoder, a single man with no land, and this listing remains the same through 1831.

In 1832 Henry is a farmer with no land, but now Abraham is a farmer on 280a and there is a new listing for Jacob Yoder, who is a single man and cordwainer. In 1833 these three remain the same and there is another new listing for Daniel Yoder, single. In 1834, Jacob and Henry are as before, Abraham's land is reduced to 150a and Daniel is crossed out. In 1835, Henry, Daniel and Jacob have moved to Buffalo Township. 1836 is the same as 1835. In 1837 Henry and Daniel are crossed out and not listed anywhere else in the county, but Jacob is still in Buffalo Township. In 1838 Henry and Daniel are nowhere to be found but Jacob is still in Buffalo, and there also for the first time is Nathaniel, single. At this point I stopped.

It is pretty clear that Henry Yoder either died or he left Union County in the spring of 1837. There are no probate records or orphan's court records relating to Henry's estate, but that isn't necessarily significant in light of the fact that Henry apparently never owned any real property. However, if he died here, I would assume he would have been buried with his wife. In Laurelton Union Cemetery there is a tombstone for Catharine Seidle, wife of Henry Yoder, died February 19, 1831, age 55y, 5m, 12d. She is the only 19th century Yoder with a tombstone in western Union County (Hartley Township, Borough of Hartleton and Lewis Township). Of course, it is possible that Henry is buried here in an unmarked grave.

However, I would have no doubt that the 1840 Henry Yoder in Wayne Township, Clinton County, PA is the same person as the 1830 Henry in Wayne Township, Lycoming County, PA. Clinton County was formed in 1839 from parts of Centre County and parts of Lycoming County and Wayne Township. Clinton County is right at the present border between Clinton and Lycoming.

It is correct to assume that the first appearance in tax records as a single male would result from reaching the age of 21. From the 1833 Hartley Township assessment book, one can see that names were arranged according to the first letter of the surname, not according to location. Thus, it is not possible to use these records to determine where the people lived.

Finally, there is a Yoder Cemetery in Union County. This was undoubtedly the oldest cemetery in the western part of the county. I do not know why it was called the Yoder Cemetery, but I assume only because it was on Yoder land. I'm sure it was not just a family cemetery because there are Cathermans known to have been buried there, which is what aroused my interest in the first place. Very little is known about this cemetery because it was desecrated over 125 years ago and converted into farmland. After some research, I was able to determine its approximate location near the present village of Millmont. I also talked to a Millmont resident who remembered that in the 1930s someone had removed the remaining tombstones from a nearby ditch. I was able to find a couple other people who recalled that incident because it raised a fuss. However, nobody seems to know what became of those stones. - Carl R. Catherman.

Residence: Center Township, Union (now Snyder) County, PA, 1810; Hartley Township, Union County, PA, 1815-1817; Washington Township, Pickaway County, OH, 1818-circa 1829. m. circa 1808 to Catharine Bolender (born 1780-90, d/o Adam Bolender, Jr. and his wife, Magdalene Morr). Catharine's parentage is stated in the probate file of her maternal grandfather, Andrew Morr, who died 1802. Melchior on tax list of Pickaway County, 1819; 25 acres and 2 cattle, 1820. He was not especially prosperous. Executor's bonds Pickaway County, OH, 1829. Melchior died in Pickaway County shortly before the 1830 Census, as it indicates Catherine as a widow, age 40-50, with only a girl in the household, age 5-10. After his death, his 41-acre parcel in Pickaway County was sold by Andrew Leist (husband of Catherine Yotter, **M7**) as administrator of Melchoir's estate in order to pay the debts of the estate; indenture dated 30 May 1832.

Melchoir's widow Catherine apparently m.(2) on 29 November 1831 in Pickaway County to Christian Gruber as the indenture states: "... and Christian Gruber and Catharine, his wife, late Catharine Yotter, and widow and relict of the said Melcher Yotter, ..."
Following Christian Gruber's death circa June 1842, Catharine then possibly m.(3) George Stout, Sr., on 11 May 1843. Source: Carl Catherman, Mifflinburg, PA; 2000. See YNL #40, October 2002.

Notes by Carl Catherman, Mifflinburg, PA:

Melchior Yoder, Jr., M5, was married to Catharine Bolender, daughter of Adam Bolender, Jr. and his wife Magdalene Morr. This fact is stated explicitly in the probate file of Catherine's grandfather Andrew Morr, who died in 1802. I have no reason to believe that Melchior Yoder, Jr. was ever married to anyone else.

According to tax records, Melchior, Jr. lived in Hartley Township (Union County) in 1815-17. Prior to that he was in Center Township (then Union, now Snyder County). His name is crossed out in the 1818 tax records, which is a good indication that he moved away in that year, very likely in the spring. This is probably when he moved to Pickaway County, OH.

It is important to note that between 1814 and 1818 Adam Bolender, Jr. and most (if not all) of his children moved to OH, in particular to Stark, Tuscarawas and Pickaway Counties. His son Benjamin Bolender moved to Pickaway County after 1820, and I would guess he did so because his older sister Catharine Yoder was already there.

Unfortunately, I have no idea what became of Catharine (Bolender) Yoder or her husband Melchior, Jr. or any children they might have had. I would agree that the 1829 executor's bond refers to him.

I guess that by now it is obvious that my interest in Melchior, Jr. is a result of my research on the Bolender family. Indeed I am working on a genealogy of four generations of descendents of the immigrant Johann Adam Bolender. - Carl P. Catherman, Mifflinburg, PA March 2000

Melchior Yoder Jr. in Pickaway County, Ohio
28 June 2002

Thanks so much to Carl Catherman for his recent research in Pickaway County, OH!

He's discovered the estate files of Melchior Yoder Jr. (M5) and has shared the notes from his investigations. Chris Yoder, YNL , cyoder@tds.net

Regarding the probate file for Melchior Yoder (M5), the file is at the Pickaway County Historical & Genealogical Society, 304 South Court Street, P. O. Box 85, Circleville, OH 43113. The file number is 0-394. It is fairly extensive but there is little if anything of genealogical value. It does reveal that Melchior was not very prosperous. Among the more interesting items is a note for \$50 held by "George Panches". This is dated 1819 and it appears that nothing had been paid on it except the interest. There is also a claim presented by "Maylon Yotter Jun" which includes charges for "making saylor coat" and "making vest", and this is obviously from Melchior Yoder (M31). Both

Melchior could sign their names, and it is interesting to note that Melchior (M5) wrote "Melchior Yoder" in a distinctly Germanic style while Melchior (M31) wrote "Melcher Yotter" in a more Americanized style.

Assuming that Melchior (M5) owned land that would have been sold after his death, I searched land records. First, I found four deeds, all for the same 25 acres and all in Deed Record E on pages 148, 311, 395 and 403, all dated in 1820 and 1821. These pretty clearly referred to Melchior (M31), and I didn't take the time to analyze them.

The prize was found in Deed Record J on page 520, a deed dated 30 May 1832 for 41 acres sold to George Pontius in order to pay the debts of the deceased. The grantors were "Andrew Leist as administrator of the estate of Melcher Yotter deed and Christian Umber and Catharine his wife late Catharine Yotter and widdow and relict of the said Melcher Yotter, Daniel Somers and Martha his wife late Martha Yotter and only child and heir of the said Melcher Yotter". I noted that Daniel signed his name "Daniel Summers". This answers several questions for us.

Earlier I had searched under "Y" for a remarriage of Melchior's widow Catharine without success. The deed inspired a second search under "G", and I found this in Marriage Record 3 on page 98 - Christian Umber married Catharine Euber (!) on 29 November 1831. Also in the same book on page 2, I found this - Martha Yoeder married Daniel Summers on 24 February 1828.

In this light I would suggest that the 1810 Northumberland County, PA census record which lists a son under 10 years of age but no daughter should in fact list no son but a daughter under 10 years of age. The 5 to 10 year old girl in Catharine's household in the 1830 Pickaway County census is a mystery. If she was indeed Catharine and Melchior's daughter, she obviously lived less than two years after that.

Census indices indicate a Daniel Summers in Orange Township, Richland County, OH in 1830 and 1840 but I don't know whether this is Melchior's son-in-law. There were two other Daniel Summers in other OH counties in 1830.

Pursuing Catharine further, I found that Christian Gruber died circa June 1842. A petition for partition of his real estate was filed by Jacob Weaver on 20 October 1843, and it indicates that the widow was then Catharine Stout. Returning to marriage records I found this on page 79 in Marriage Record 4 - Catharine Gruber married George Stout, Senr. on 11 May 1843.

George Stout died 7 March 1846, and here Catharine's trail becomes obscure. There was a Catharine Stout who married John May, Jr. on 17 September 1848, but I don't know if this was George Stout's widow or not. Stout is a very common name there, and I'm sure there was more than one Catharine.

There appears to be no tombstone in Pickaway County for either Melchior Yoder (M5) or Christian Gruber. George Stout is buried in the Stout Cemetery, but there is no stone there for Catharine so I don't know where she is buried. - Carl Catherman, June 2002.

M7 Catherine Yotter born 19 May 1783 in Limerick Township, Montgomery County, PA. m. before 1804 in PA to Andrew LEIST, Jr. (born 4 October 1782 in Berks County, PA, s/o Andrew Leist and his wife Elizabeth Landman -- died 24 March 1851, aged 68 years, in Washington Township, Pickaway County, OH). Andrew was a farmer. Andrew and Catherine Leist were among the first settlers of Washington Township, Pickaway County, OH, having settled in Section 23 shortly after 1805. Zion’s Evangelical Lutheran Church was the first church organized in Washington Township in 1808 or 1809. The first burying ground in the township was the Zion’s Church graveyard, laid out as early as 1809, and the first burial was a child of Andrew and Catherine Leist. A guardian’s bond, dated 5 October 1815, appointed Andrew Leist, Jr., “guardian for Melcher Yodder a minor upwards of 14 years of age and Catherine Yodder and Elizabeth Yodder, minors upwards of 12 years of age;” children of Benjamin Yoder (**M3**) brother of Melchoir. In 1832, Andrew was the administrator of the estate of his brother-in-law, Melchoir Yotter, **M5**. Catherine died 10 November 1856, aged 73 years, in Washington Township, Pickaway County, OH; interred in St. Paul’s Churchyard Cemetery.

According to the History of Pickaway County, Ohio and Representative Citizens, by the Honorable Aaron R. Van Cleaf, 1906, the following persons were early settlers of Washington Township: Andrew Leist, settled in Section 23 after 1805; David Leist, settled in Section 23 in 1805; Rev. Jacob Leist was pastor at Zion’s for 50 years; Conrad Pontius, came from Centre County, PA, settled circa 1800 and built the first brick house in the township; George Pontius, Sr., father of Conrad and George, came from Centre County, PA, settled in NW 1/4 Section 22 in spring 1808; George Pontius, Jr., came

from Centre County, PA, settled 1806; Henry Shoch settled in 1815 per Deed Book C, page 120, with Judy Schoch.

The town of Leistville is located in Saltcreek Township in the southeast corner of Pickaway County, Ohio at the intersection of Ohio Routes 56 and 159. Jacob Leist settled in Leistville by 1820; he married Elizabeth, daughter of Jacob Shoemaker. Four miles northeast of Leistville on Route 159 is the town of Tarlton on the border of Pickaway and Fairview counties. This village was originally settled and called Newellstown in 1801, and was probably the first settlement in Pickaway County, Ohio. The famous Zane's Trace passed through both Leistville and Tarlton as well, and was the major route between Maysville, Kentucky and Wheeling, Virginia (now West Virginia).

Source: Saltcreek Township, Pickaway County, Ohio, Church History & Records. Jerusalem Church, or the Stumpf Church as it is frequently styled, was organized by Revs. George Wise and Jacob Leist about the year 1820 as a German Reformed society. Rev. Jacob Leist was one of the earliest of the pioneer preachers of this region. He came to Salt Creek township in its early settlement, began preaching soon after his arrival and continued in the ministry for a great many years. He proved a valuable accession to the settlement and during the long period of his ministry was highly esteemed for his moral worth. He married Elizabeth Shoemaker, daughter of Judge Jacob Shoemaker and fixed his residence where Leistville now stands, there residing until his death. The church services were held in a schoolhouse, located in the northeast corner of section 26, until 1831, when a brick house of worship was built. The present, neat, brick church was erected in 1877 at a cost of \$3,000. Rev. Henry King and Rev. Jacob Leist – the former a Reformed minister and the latter a Lutheran – preached to the church for upwards of 25 years.
