YR1273845- May (9/27/1922- )

"I certainly can provide you information on Melvin Yoder - he is my great grandfather. I have data on 6 generations of his descendants collected by his daughter from his second marriage, Mary Anita Yoder Cook. I also have in my possession a family picture of Melvin, his first wife, Magdalena Reese (or Maggie Rees as she was known by the family) and their children Erman Belmont , Clara A., Floyd Clair (my mother's father), and Virgil Ray Yoder. I will scan the photo tomorrow and attach it to an email. I am still entering data on his descendants into my family origins program and will be happy to send you a GEDCOM file with that info as soon as it's completed.

"Melvin's first wife Maggie Rees died 31 July 1909. She is buried at Maple Grove Cemetary in Topeka, Indiana. Melvin then married Amanda Mullet (b. 27 Nov 1889 Holmes County, OH - d. 16 Jul 1988 Arcadia, CA). Melvin and Amanda had one daughter, Mary Anita Yoder Cook (b. 27 Sep 1922 Topeka, IN) . Mary Cook is the individual who collected the data on the 6 generations of Melvin A. Yoder's family. She is also the sole surviving child of Melvin.

"Melvin, Amanda and Mary left Topeka in the late 1920's and moved to California where he worked as a home builder. My grandparents, Floyd Clair and his family followed a couple of years later (1931). My mother still recalls the trip west with the whole family (4 kids) packed into a model T Ford and towing what sounds suspiciously like a "covered wagon" type trailer. At some point Virgil Ray and his family moved to California also. Erman and Clara remained in Indiana. Both Floyd and Virgil worked as home builders upon arrival in California.

"Melvin died 15 Aug 1950, three months before I was born. He is buried at Live Oak Cemetary in Monrovia, CA. Amanda lived with her daughter, Mary up until her death in 1988. Amanda was affectionately known as "Great Grandma" by all of us 4th generation children and I remember my grandfather calling her "mom" though she was actually his stepmother. In her later years, Amanda lost much of her hearing and vision and she had been confined to a wheelchair for years because of arthritis in her legs, but her mind remained sharp as a tack right up until the time of her death. Amanda could recite all of the family descendants by name and even knew the exact date of birth of each of them. Brian Travis-Brian Travis-tarvus@atl.mindspring.com

Extract from YNL #3--- PLACES NAMED YODER SERIES---  
Yoder, Kansas by David Luthy  
---Located in Reno County, Kansas, eight miles southast of the county  
seat of Hutchinson is the small town of "Yoder". It is in the center of

an Amish farming community. Its name comes from an early settler, Eli M. Yoder.

---Eli Yoder was born February 6, 1844 in Union County, Pennsylvania, but grew to manhood in the Amish community of Long Green, Maryland, where his parents had moved about 1849. Eli's father, Solomon, was bishop of the Maryland congregation. In 1874 Eli was thirty years old, had not joined the Amish Church, and was yet single. He decided to go West to "seek his fortune" and landed in Reno County, Kansas, where he met a non-Amish young woman, Mary Young, and soon married her. They settled down to farming a half section of prairie -320 acres. (1)

---Four months after arriving in Kansas, Eli was joined by another wayward Amish youth, E. F. Peachy, of Mifflin County, Pennsylvania. Although Peachy's father was also an Amish minister, he too had chosen not to join the church, commenting later in life, "My parents belonged to the Amish Church, but they could never persuade me to belong." (2)

---In the fall of that same year, a third Amish youth, John Nafzinger, arrived in Reno County. He was a nephew of Eli Yoder, being the son of Eli's sister, Lydia, and Peter Nafzinger of Long Green, Maryland. John worked on his uncle's farm and got acquainted with Mrs. Yoder's sister, Emma Young, and married her.

---None of these three young men chose to remain in the Amish faith in which they had been raised. Perhaps they even thought they could escape from their plain past by moving far away from their home communities. If this was the case, it must have come as quite a surprise to them nine years later when Amish families from Illinois began settling in Reno County--right in the neighborhood where they were homesteading. Actually it was quite by accident that the Amish settled there. Originally they had planned to go to Nebraska; but when they could not travel further because of a flood, they detoured into Kansas. A real estate agent from Hutchinson showed them land in Reno County. They liked what they saw and purchased farms in Kansas instead of Nebraska.

----Eli Yoder now found himself with Amish neighbors. He showed no interest in their church, and it is said that he tried to hide the fact from them that he had been raised Amish--a seemingly impossible task with a name like "Yoder". E. F. Peachy related many years later how Eli was finally exposed

----Mr. Yoder was the first Amish man to settle in this community, but when Amish people followed him and organized a church, he never united with them. In fact, Mr. Yoder tried to keep it hid from the Amish folks that he had belonged to them. Jake Bontrager once said they were threshing for Mr. Yoder. After supper they were sitting in the room talking. Mrs. Yoder then went in the bedroom and brought Mr. Yoder's long-tailed coat and barndoor trousers and showed them to us in the absence of Mr. Yoder. No sooner had she shown them to us until Mr. Yoder happened to come in and saw what she was doing.

He rebuked her rather severely for it, right in the presence of the entire threshing crew. (3)

----When the Missouri Pacific Railroad was being built across Reno County, it passed over Eli Yoder's farm. He persuaded the railroad to construct a 20-rod spur past his buildings and talked the government into establishing a post office in one room of his house--thus Yoder, Kansas was born.

-----In 1899, Eli Yoder sold his farm to an Amishman, Rudy M. Bontrager, for \$6,000 and moved to Hutchinson where he became a justice of the peace on July 29, 1905. (sic?-date of death?)

JAMES GRANT YODER <JYODER@bc.sympatico.ca> (Aug.99)

I am compiling family history on the descendants of Bishop Jonathan  
Yoder (YR12a3) and am trying to find the complete names of the 3 men  
that were married to his youngest daughter, Anna M. Yoder, (YR12a3b) who  
was born in Juniata Co., PA Feb 7, 1840, grew up in McLean County,  
Illinois. She married a Mr. Hein, and had at least children, Iddo (b.  
1866; d. 1939 Oregon), Lawrence and Irene; years later- after Mr.  
Hein's death, she married a Mr. Plank; and still later she married a Mr.  
Hershberger. Between 1890 and 1910, she moved to Clackamas County,  
Oregon, with her three children where her sister Catherine and brother  
Asa lived as well as four of the children of her brother Elias, Jonathan  
Yoder, John Plank Yoder, Levi David Yoder, and Mary Schwarts(entruber).  
Anna died in 1914 and her gravestone in Smyrna Cemetery in Yoder, OR,  
calls her "Anna M. Hershberger". I am trying to identify the first names of  
Hein, Plank, and Hershberger, who were probably in McLean County,  
Illinois, but they might have later lived in or near Dade County, MO,  
where most of the other families had lived before moving to Oregon.  
Some of the Hein descendants still live in Oregon, but I live in Canada,  
and do not have contact with them. Thanks. Jim Yoder

-----  
"John P. Yoder, who has so acceptably filled the position of superintendent of  
the

Bushnell schools since 1880, is a native of Pennsylvania, having been born in  
that state

on the 4th day of September, 1846. When John was 3 years of age, his father  
removed to McLean county, Illinois, and located on a farm, following farming  
and

carpentering. John remained at home, assisting his father on the farm and at  
his trade,

until reaching his 17th year. He then enlisted in the 150th Illinois volunteer  
infantry, for

one year "or during the war," and received his discharge after serving 14  
months. He

then returned to the old homestead, and attended the State normal university,  
at

Bloomington. Previous to attending the university, his education had been obtained in the district schools and by personal application at home. He was ambitious to have a good education, and as a consequence, was very studious. While attending the university he taught occasionally, to procure the money necessary to pursue his studies, and finally graduated therefrom in 1871. He then accepted the position of principal of the Blue Island, Cook county schools, in which position he gave entire satisfaction. He then engaged in business at Chicago, but one year later resumed his profession at Danvers, McLean county, where he continued for seven years, then coming to Bushnell, as before stated, and took charge of the city schools. This position he has filled with credit to himself and satisfaction to all, and to his efforts is largely due the high position which the schools of the city have attained. John P. Yoder and Rebecca Lantz, a native of this state, were united in marriage on the 28th of December, 1874. They have been the parents of four children, three of whom are now living-- Jennie L., Arthur E., and Hattie J. Politically, Mr. Yoder is a republican, having been a member of that party since reaching his majority. He is also a member of the Grand Army of the Republic organization.
