Yoder Heritage

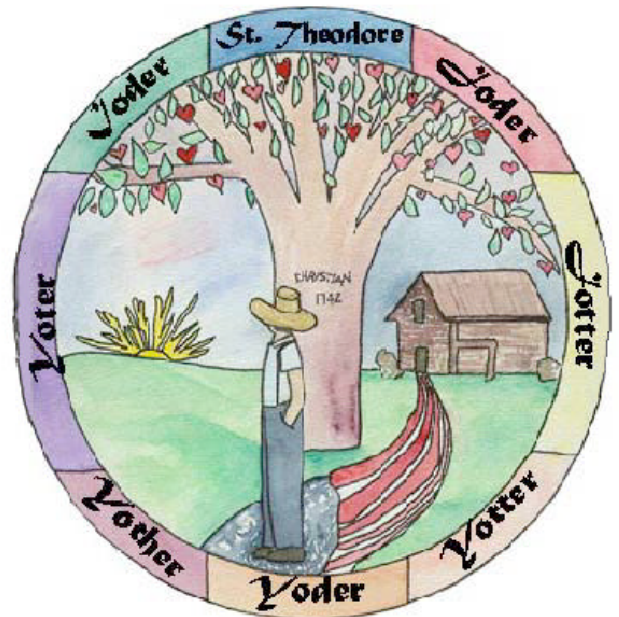

our

Celebrating

August 16th is his saints day in the Swiss Reformed Church calendar.

The name "Yoder" is believed to have come from the Swiss "St. Theodore (St. Joder), a missionary monk who crossed the Alps in the 4th century from Italy to bring the Gospel to southern Switzerland.

Happy St. Joder's Day

Original design 2003 by Angela Yoder

Angela's design includes many of the spellings used by present day American Yoder families, it celebrates the courage of our immigrant ancestors from different lines, beginning a new life in America (her own being an Amish immigrant of 1742), and the heritage of love present in the many branches of our family tree.
